SUMMIT & WORKSHOP

WASHINGTON, DC JUNE 17-19, 2020

CONFERENCE
JUNE 17-18

WORKSHOP
JUNE 19

C VID-19

Show your care. Meet your planning deadlines. Engage staff & suppliers and learn how to work with community, state & federal agencies to survive & recover from a pandemic.

Know How To Respond

Recognize problems earlier. Make the right decision faster.

Plan To Continue

Maintain cash flow and work flow. Keep the learning process alive.

How to Plan

Make everyone a stakeholder. Spell out roles and responsibilities

Protect Your Community

Know your resources. Test them against your toughest scenarios.

Top leaders and key decision-makers of major companies representing a broad range of industries will meet with distinguished scientists, public health officials, law enforcers, first responders, and other experts to discuss pandemic prevention, preparedness, response and recovery at the 1st Coronavirus Preparedness Summit and Workshop.

At the summit, attendees will be able to draw on first-hand best practices to create the solid business continuity plans that their companies and organizations need in order to prepare for, respond to, and survive a pandemic.

Well-known emergency responders, heads of hospitals from around the world, and vaccine manufacturers will speak at this summit.

Topics Include

- Mass Fatality Management Planning
- Country Report & Situations Update
- Surveillance and Data Management
- Preparing Communities Strategies; Local Partnership and Participation
- Delivery of Vaccine and Antiviral Medication
- Benefit-Risk Assessment: Public Health, Industry and Regulatory Perspectives
- Prevention Education Efforts and Risk Communication
- Command, Control and Management
- Emergency Response Management
- Business-Based Planning
- School-Based Planning
- Community-Based Planning

Concurrent Breakout Session #1

Mass Fatality Management Planning

- Develop and maintain plans, procedures, programs, and systems
- Develop and implement training and exercise programs
- Direct fatality management tactical operations
- Activate fatality management operations
- Conduct morgue operations
- Manage ante-mortem data
- Conduct final disposition

Concurrent Breakout Session #2

Psychological Issues

- Public's distress of exposure and safety
- Breakdown of public services, utilities
- Medical supplies shortage
- Unwillingness to follow government orders

Concurrent Breakout Session #3

Business Continuity Planning

- Allocate resources to protect your employees & customers during a pandemic
- Find out which business risks are insured
- Ensure safe travel during a pandemic
- Identify when to reduce or even close operations

Concurrent Breakout Session #4

Continuity of Operations (COOP) and Continuity of Government Planning

- When 50% or more of employees are out sick or taking care of their sick ones
- When Coronavirus pandemic unfold in two or three successive waves in a calendar year
- Disruptions to public, private and critical infrastructure under-mining your essentials functions

Concurrent Breakout Session #5

Emergency Management Services

- Prioritize antivirals & personal protective equipment for essential workforce
- Overcome reduced response capacity caused by mechanical failure & a possible 30-40 percent drop in staff, to maintain continuous operations
- Protect the emergency management response operations center
- Manage interruptions in food, fuel & essentials supply chains & establish stockpiles
- Manage panic caused by sudden disruption of services & interruptions in essential goods & services

Concurrent Breakout Session #6

Law Enforcement Agencies

- Protect police forces from falling ill & from being hurt in civil disturbances
- Protect the delivery of vaccines & essential goods & services.
- Manage a surge in crime & meet routine requests at the same time
- Control & diffuse social unrest & public disorder
- Isolate prisons & other facilities

Concurrent Breakout Session #7

First Responders: Fire Department

- Protect fire department first responders from falling ill & from being hurt in civil disturbances
- Continue to respond to routine fire outbreaks while responding to pandemic-related calls
- Effectively transition into All-Hazards Incident Management Responders
- Effectively undertake mass vaccinations
- Enforce quarantines

Concurrent Breakout Session #8

First Responders: Public Works

- Protect public works first responders from falling ill or being hurt in civil disturbances
- Control traffic, evacuation & mass transportation
- Ensure the minimal delivery of clean water & sanitation services
- Ensure the stability of vital communications networks
- Overcome an overwhelmed telecommunications network caused by a surge in telework employees, homebound calls, and the increased search for public services

Concurrent Breakout Session #9

911 Call Center Services

- Effectively manage the 911 call center during the crisis
- Develop call center surge capacity
- Secure call center operations
- Anticipate technical problems
- Ensure that frequent, honest & reliable information is released to the public

Concurrent Breakout Session #10

Hospital and Emergency Medical Services

- Prioritize the use of antivirals for the essential workforce
- Anticipate interruptions in food, fuel and essentials supply chains & establish stockpiles
- Plan for reduced response capacity due to mechanical failure & lack of personnel
- Maintain continuous operations during a pandemic
- Plan for 30-40 percent drop in labor force
- Protect the emergency operations center

Concurrent Breakout Session #11

Workplace Planning

- Effectively work with 30-40 percent less employees. Account for your employees.
- Establish remote offices & flexible work plans; identify the business functions that can be outsourced.
- Secure your workplaces.
- Train your workers to screen for symptoms & know what to do when workers fall ill.

Live Stream plus On-Demand Streaming

Stream and participate in real-time from the comfort and convenience of your own home or office.

We are live streaming all sessions. Each live session allows for real-time interaction with the speakers, CoVID-19 experts & virtual attendees from around the world.

Concurrent Breakout Session #12 **School / University Pandemic Planning**

- Emergency Planning: Addressing All Four Phases of Emergency Management Planning
- Outbreak/Pandemic Planning: A Component in Existing Emergency Management Plans
- Community Spread: What is the role of schools in responding to a Community Spread?
- School Closure: Effects to Your Organization and Community
- Expand Prevention: Action Steps to Prevent the Spread of CoVID
- Response: Building a School-Based Crisis Team
- School-Based: Identifying Audiences and Key Messages
- Real Cases: Characteristics of a outbreak/Pandemic CoVID-19
- Recovery: Working with Stakeholders
- Continuity of Learning: Keeping the Learning Process Alive

Four-Stage Incident Management Process is Provided and Discussed.

Learn How To Plan

Make everyone a stakeholder.
Spell out roles and responsibilities.

Protect Your Community

Know your resources.
Test them against your toughest scenarios.

Know How To Respond

Recognize problem earlier. Make the right decisions faster.

Plan To Continue

Keep the business process alive.

Concurrent Breakout Session #13 **Ports, Airports & Ground Crossings**

- International & Federal guidelines
- Measures to prevent the spread of communicable diseases
- Apprehension, examination and release
- Aviation & Transportation Security Act
- Are tools available to ensure patient does not pose risk to fellow travelers?

2 Workshops to choose from...

Workshop 1: Learn How To Plan

Make everyone a stakeholder. Spell out roles and responsibilities.

Protect Your Community

Know your resources. Test them against your toughest scenarios.

Workshop 2: Know How To Respond

Recognize problem earlier. Make the right decisions faster.

Plan To Continue

Maintain cash flow and work flow. Keep the work process alive.

Concurrent Breakout Session #14 **CoVID-19: Agriculture Perspective & Interventions**

- nCoV sources and transmission
- How do animal pathogens evolve?
- How to protect the public from exposure to zoonotic pathogens
- Analytical methods to detect, quantify, identify, monitor and control processes
- Sources & human exposure control management

Concurrent Breakout Session #15 **Infectious Medical Waste**

- Infectious waste management
- Packaging disposable infectious waste
- Engineering controls
- Pathological waste management
- Exposure control plan

FACT

This is the place where you can ask the tough questions to doctors who have treated some of the fatal human cases of COVID-19.

Top Five Reasons to Attend the Summit

- Gain a broad bird's eye view of the global CoV situation.
- Get the freshest updates from hard-to-reach country experts.
- Learn how your company/agency can prepare for a pandemic.
- Establish contacts with key local, federal and international agencies involved in the fight against the deadly Coronavirus.
- Draw on first hand best practices from top companies to create solid business continuity plans.

COVID-19

Focuses on latest prevention, preparedness, response and recovery measures being developed to address the deadly human-to-human transmission of deadly Coronavirus. The speakers and exhibitors are selected to represent the widest possible range of perspectives, including not only human factors, but also physical, environmental and socio-cultural factors.

CoVID-19 and Summit Travel

SyllabusX's highest priority is the safety of our events' attendees and our employees. We are acting on the most up-to-date information and advice.

Absent mandated federal travel restrictions and/or local, state, or regional decisions to close venues. SyllabusX has not canceled any event at this time, including the Coronavirus Preparedness Summit and Workshop this summer in Herndon, VA just outside Washington, DC.

Virtual attendance option is available and as a precautionary measure, SyllabusX is actively working with the venue to increase sanitization practices and healthy habits for the event. At this time, our refund, substitution, and cancellation policies remain in place.
